

GREATER MANCHESTER
POLICE

POLICING IN TAMESIDE

Greater Manchester Police is committed to fighting crime and tackling the issues that matter to you. Across the region levels of robbery, vehicle crime and burglary are at their lowest levels for 10 years. Antisocial behaviour has dropped more than 21 per cent between April to September 2010 when compared to the same six month period the previous year, meaning 25,639 fewer incidents.

These figures are promising but we want to make crime fall even further and continue to reduce the number of people becoming victims.

We are maintaining our focus on those people who commit crime and antisocial behaviour. Our message to the criminals is simple: we will not tolerate those who choose to break the law in Greater Manchester and the consequences for those who do will be severe.

We promise to provide you with the best possible service and ensure that we listen to your views. To achieve this we have identified a number of priorities to tackle during 2010/2011. These are increasing public satisfaction, tackling antisocial behaviour, reducing domestic burglary, reducing vehicle crime and protecting vulnerable people.

Many people are having to work harder than ever to support themselves and their families. Law-abiding citizens should not have to put up with criminals who find it acceptable to flout the law and take what they want rather than earn it.

You can play your part in tackling crime in your area by getting in touch and working with us to make Tameside a safer place for everyone. Please contact us on the phone, online, at a community meeting or stop and talk to us when you see us out on patrol.

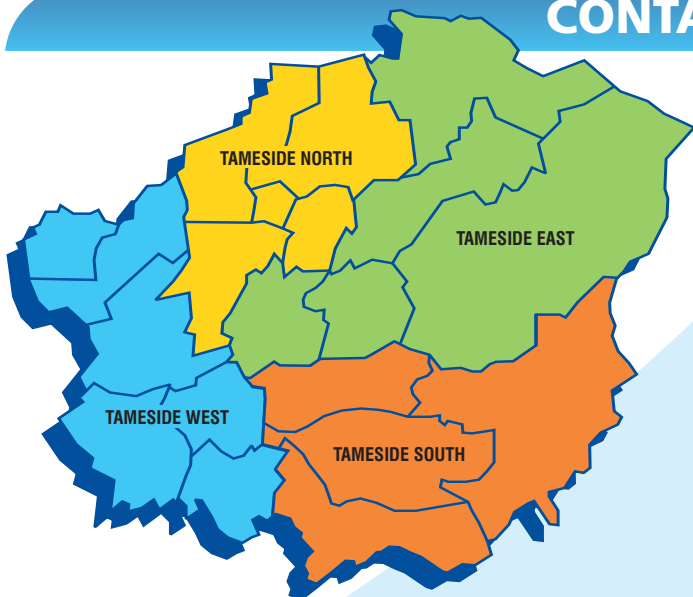

I would strongly urge anyone suffering from crime or antisocial behaviour to come forward and provide us with information to help ensure that those responsible are punished for their actions.

We face a challenging time ahead as police along with all public services are managing financial constraints. Our commitment to you is to develop the most effective service and to maximise our focus on our frontline officers.

Peter Fahy
Chief Constable
